#### GENERAL INFORMATION

A church that owns its own property and operates its own preschool, nursery school, kindergarten, Elementary/secondary School, or both schools of collegiate grade and schools of less than collegiate grade, or operates this type of school on property, which is owned, by another church may file for the RELIGIOUS EXEMPTION instead of the Welfare Exemption. Property used for school purposes only, where there are no church services, does not qualify for the Religious Exemption but may qualify for the Welfare Exemption

The law provides for one-time filing for the Religious Exemption by the claimant and the annual mailing of a termination notice by the assessor. Penalties for failure to terminate the exemption when no longer eligible are also a part of the law.

Portions of the property used for parking purposes are also exempt if owned by the religious organization or owned by the government and used by the church under the provisions of Section 206.1 of the Revenue and Taxation Code.

If any other activities are conducted on the property such as bingo, a convent or a retreat, summer camp, or if another organization uses the property (other than another church using it for religious worship or church school purposes), a Welfare Exemption claim must be filed; please contact the assessor's office immediately. The deadline for timely filing of the Welfare Exemption claim is February 15 each year.

Leased property generally is not exempt under the religious (or the welfare) exemption. However, it may qualify for the Church Exemption if used exclusively for worship and/or related parking. Contact the assessor if your church has leased property.
